Copyright policy statement

The Board of Governors approved the following Copyright Policy Statement at the July 5, 1974 meeting. The policy was prepared by an ad hoc committee of General Faculties Council and was approved by Council members March 26, 1973. It was then forwarded to the Board for approval. The Board asked the University Solicitor to draw up a format document. That document appears below and differs slightly from the ad hoc committee's report which was published in the April 5, 1973 issue of FOLIO. All changes have been approved by the General Faculties Council ad hoc committee.

I. RESOLUTION ON COPYRIGHT OF WORKS MADE IN THE COURSE OF EMPLOYMENT

WHEREAS GFC has heretofore established a policy statement with respect to copyright and has recommended that the principles contained therein apply to staff members as therein provided;

AND WHEREAS it is deemed expedient and in the interests of the University to establish a form of contract whereby the copyright of a staff member in a work made in the course of his employment at the University may be recognized and the rights of the staff member and the University determined;

RESOLVED that the following be and it is hereby established as a form of contract for the purposes aforesaid to bind the University and such staff members to whom the same shall apply in accordance with the tenor hereof:—

1. Unless otherwise required by the context, the following words will bear the following meanings:—

- (i) *Staff member*: An academic staff member of The University of Alberta.
- (ii) *Board*: The Governors of The University of Alberta.
- (iii) *GFC*: The General Faculties Council of The University of Alberta.
- (iv) *University*: The University of Alberta.
- (v) *The Educational Program*: The Educational Program of the University including all intramural undergraduate and graduate courses, evening credit courses, summer school and spring session courses.
- (vi) *Copyright*: Bears the same meaning in this form of contract as in The Copyright Act (Canada).
- (vii) *Work*: Bears the same meaning in this form of contract as in The Copyright Act (Canada).

2. Where a staff member expressly or by implication accepts or otherwise adopts this

form of contract as governing his copyright relations with the University, the University waives, disclaims and abandons any and all right to copyright in a work produced by that staff member PROVIDED HOWEVER that such waiver, disclaimer and abandonment shall not apply in the case of a work produced by a staff member who has been engaged by the University to prepare works for the University or part of whose normal responsibilities to the University is to prepare such works.

3. (a) A staff member agrees to make available to the University for its Educational Program without payment of royalty or other cost, work produced by the staff member in the course of his employment.

(b) A staff member agrees to make every effort to make available to the University for its Educational Program without payment of royalty or other cost, work produced by the staff member and with respect to which the staff member no longer has copyright or shares copyright with one or more persons or with respect to which there is some impediment or business arrangement which denies to the staff member the absolute right to comply with the intent hereof.

4. (a) The University will do its utmost to make available to a staff member without cost, production facilities and funds necessary to produce works for use in the University's Educational Program.

(b) Priority for, the amount of funds and the kind of facilities will be determined as required by the administration of the University.

(c) The University shall maintain a record of the cost of producing a work and shall include therein sums of overhead and the like, all in accord with good business practice, and the sum so determined shall, for the purpose hereof, be the "University's cost".

5. (a) Where a staff member has copyright

in a work produced in whole or in part with the assistance of University facilities or funds, but the work is not required by the University for its Educational Program, then the staff member will enter into an arrangement with the University whereby the University's contribution in the production of the work may be compensated.

(b) Unless an arrangement contemplated by sub-paragraph (a) hereof is agreed upon by the University and the staff member, the staff member will:—

- (i) grant to the University a licence to use the work, including the right to grant others the right to use the work and/or to copy the same;
- (ii) establish with the University, a fee or royalty to be charged to third parties wishing to use the work; in default of agreement such fee or royalty shall be set by the President;
- (iii) agree with the University that upon receipt of fees, the same will be applied as to seventy-five (75%) percent thereof to the University, and as to twenty-five (25%) percent thereof to the staff member until the University's costs, as above mentioned, shall be fully paid and discharged, and hereafter such fees shall be applied as to five (5%) percent to the University, and as to ninety-five (95%) percent to the staff member;
- (iv) agree that if the University licence is not exclusive, that uses authorized by the staff member or other licences granted by the staff member, will require a fee no less than that determined in (ii) above, and that on receipt of such fees, that the same will be applied as in (iii) above.

6. Where a staff member has produced a work for use in the University's Educational Program and wishes to sell, assign or otherwise dispose of his copyright or an interest therein to any third party, the staff member shall by, or in such disposition as a condition to his right to sell, assign or otherwise dispose:—

- (i) protect the University's right to use the work in its Educational Program as provided by clause 3 hereof; and
- (ii) arrange for the payment by such third party to the University of the University's costs (if any) in the manner more particularly described in clause 5 hereof, PROVIDED that on application by the staff

member to the University, the University administration in care of the Vice-President (Finance and Administration) may dispense with the requirements of either (i) or (ii) or both (i) and (ii) hereof for such reasons as to the University administration seems fair in the circumstances. In the event that a decision on the application of the staff member is not given to the staff member within twenty-one (21) days of receipt of such application, the staff member is deemed to have received the dispensation requested.

7. The University has no obligation to maintain, store or otherwise keep or care for works produced by staff members PROVIDED that the University may retain copies of works, if it sees fit, and will on the request of the staff member, retain a master of the final work for a period of time to be then agreed upon between the University and the staff member. Master of copies retained by the University will not be amended, edited, cut or changed in any way by the University without the consent of the staff member or other copyright owner.

8. A staff member believing his work to be unsatisfactory for a proposed use due to dating or other good reason, may amend the work or require its use to be withheld.

9. A staff member warrants to the University that he is the owner of the work and of the copyright in the work and that it is an original work with him. In cases where fees or licences for the use of copyright material used in the work is required, the staff member will provide the University with a list of the same and indemnify the University against any loss should the list be incomplete.

10. Nothing in this form of contract shall deny or be regarded as denying to the University the right to use copyright material without licence, cost or fear of infringement where under The Copyright Act (Canada) the University may use copyright material without licence, cost or fear of infringement.

11. Specific written agreements between the Board and the staff member are recommended in all cases.

II. THE GOVERNORS OF THE UNIVERSITY OF ALBERTA

WHEREAS the Board has or is in the process of enacting a Resolution on copyright of works made in the course of employment;

AND WHEREAS it is deemed expedient and in the interests of the University that a Resolution

supplementary to such Resolution be enacted;

RESOLVED that GFC be requested to establish a Standing Committee of GFC to concern itself with copyright matters at the University with responsibility inter alia of:—

(i) making proposals for or amendments to regulations concerned with copyright matters at the University.

(ii) seeking to resolve disputes which may arise out of the application or interpretation of copyright agreements made between the Board and staff members and any regulations made with respect thereto by GFC.

BOARD OF GOVERNORS

The Board of Governors and its Executive Committee met July 5, 1974.

COMMONWEALTH GAMES COMMITTEE

The Board approved a recommendation for expanded membership on the Commonwealth Games Committee. The motion was made by G.L. MOWAT, Acting Vice-President (Planning and Development). The additional members are: N.A. LAWRENCE, Board member; L.C. LEITCH, Vice-President (Finance and Administration); R.E. PHILLIPS, Director of Physical Plant; M.L. VAN VLIET, Dean of the Faculty of Physical Education and Vice-President of the Commonwealth Games Foundation; W.A. HILLER, Director of the Campus Development Office; and H. KREISEL, Vice-President (Academic).

ONE-YEAR APPROVAL GIVEN TO FEES

Members approved the following schedule of fees for alumni use of the Physical Education Centre facilities:

Alumni	\$20
Alumni spouse	\$10
Alumni children	\$10
Alumni family	\$30

The fees are effective from July 1 and will be reviewed at the end of one year. Facilities available to alumni are restricted to the swimming pools, the tracks, and the weight training room.

MEMORIAL ORGAN

A Building Committee recommendation that the working components of the Memorial Organ be replaced was approved by the Board. The motion was amended, however, to delete reference to a public fundraising campaign to finance the new mechanism. It was Dr. Wyman's opinion that the Board should find the money (perhaps through the 3AU Fund or a heritage group) rather than appeal to the public. The manner in which the project is to be funded was not defined.

UNIVERSITY NAMES WINNER OF NATIONAL AWARD

Canadian poet and playwright JAMES REANEY has received the 1974 University of Alberta National Award in Letters. The award was presented by DIANE BESSAI, Professor of English, at the annual scholarship awards night held July 5 at the Banff School of Fine Arts.

Dr. Reaney embarked on his literary career during his undergraduate years at the University of Toronto. In 1949, when he was only 23 years of age, he received his first major literary award—the Governor General's Award for Poetry—for his collection of lyric verse, *The Red Heart*. He went on to win the award on two other occasions: in 1958 for his ironic pastoral poem, *A Suit of Nettles*; and in 1962 for *Twelve Letters to a Small Town*, a poetic tribute to Stratford, and *The Killdeer and Other Plays*, a collection of dramatic verse.

As a playwright, Dr. Reaney has attracted widespread attention. His most recent play, *Sticks and Stones*, will be performed this summer at the Banff Centre.

When the national awards were established by the University in 1951, awards were to be made each year for contributions in letters, music, and painting and related arts. In 1961, however, it was decided that only one award should be presented each year, on a rotating basis among the three categories. The last National Award in Letters was made in 1971 to book publisher JACK MC CLELLAND of McClelland and Stewart Limited, Toronto.
